Tens of thousands showed up to protest against the "free speech rally" with the assumption that it would be similar to the racist rally which took place last week in Charlottesville.

"To all FAKE NEWS, this was the "White Supremacist" FREE SPEECH RALLY I just spoke at," [Ayyadurai wrote on Twitter](#): "This was the "hate" filled "Nazi" speech which the Establishment did NOT want you to hear or see. THEY want Race War to divide us."

While he spoke, supporters held signs stating: "Black Lives DO Matter"

SHIVA AYYADURAI: I want everyone to say with me: LOVE, LOVE, LOVE.

You are my brothers and sisters. We are one people, and we cannot let the power of darkness or Power, Privilege, and Control -- destroy the Light.
