**Step 2:** For each new post, look at what others are saying in the Comments. You will find different kinds of responses.

**Step 3:** Read comment to see which one of the categories listed below it best fits into.

**Step 4:** Once you find the right category below, the first sentence should be something simple as shown below, and always have the respondent's first name (DO NOT RELY ON THEIR HANDLE AUTOMATICALLY PLACED THERE), then copy and paste and add the standard answer for that category from [Shiva4President.com/FAQ](https://shiva4president.com/faq/)

**Step 5:** If you see that one (1) other Warrior has already responded to a comment, then find a new comment.

**Step 6:** In - IN ADDITION to commenting, send a direct message to the person when you think it's appropriate, and see if you can build a friendship and get their contact information.

**NOTE:** If you see a new comment category emerging, let Heather and Michelle know. For any trolls, respond once, and if they persist in being a troll, we will block them. Let Heather know their handle and the platform.

**Next sentences on platforms with NO space limits:**

Glad you are bringing this up!

Article 2 Section 1 of the Constitution referred to the "native born" requirement for being President. However, "native born" was never defined. In fact the Maryland Legislature voted to make Marquis De Lafayette and his family native born US Citizens.

Regardless, the Constitution is not a fixed document. It changes with things called Amendments. The 5th and 14th Amendments combined with many Supreme Court rulings made it explicitly clear that it is UNCONSTITUTIONAL to discriminate between a Native Born and Naturalized Citizen.

Therefore, it is Unconstitutional to NOT allow Dr.SHIVA to run and moreover to become President. This would violate those two Amendments, which abrogated/repealed Article 2 Section 1.

Finally, in 2011, the FEDERAL ELECTION COMMISSION (FEC) ruled a Naturalized citizen can run for President and raise monies privately but just could not receive matching funds.

This is clear as day, he can run and be President.

If any of the States challenge him, we will take this all the way to the Supreme Court.
